Re: Permit Application for Evoqua Water Technologies (Formerly Siemens Water Technologies) - EPA ID # AZD 982 441 263, dated April 2012

Dear Mr. McCue:

The United States Environmental Protection Agency Region 9 (EPA) has completed its review of the Evoqua Water Technologies (Evoqua) Facility's Resource Conservation and Recovery Act permit application dated April 2012. Enclosed with this letter are EPA's comments and requests for additional information to supplement the information previously submitted.

EPA requests a response in writing to the items identified in the enclosure. We anticipate that the supplemental information requested and your updated operator signature on the Part B permit application will comprise a new and complete Part B application. We have determined that the supplemental information is necessary for us to complete our review of your application. In order to continue to review the Evoqua permit application in a timely manner, we request that you submit the requested information within forty five (45) calendar days of this letter. Additional requests for clarification and supplemental information may follow as necessary.

If you have any questions regarding this request, please contact me at (415) 972-3348.

Sincerely,

ORIGINAL SIGNED

Mike Zabaneh, P.E.
Evoqua Project Manager
